## Interoffice Memo

**To:** ADHD Staff  
**From:** Mrs. P. Nutmeg  
**RE:** Probationary Employee Status  
**Priority:** Urgent

All staff should be advised that on January 19<sup>th</sup>, copywriter **Kitty Finch** was placed on probation by CEO **Henry Donaldson Jr (Sir)**. Disciplinary measures were taken against **Miss Finch** following the boardroom outburst in which she accused Art Director **Todd Snodgrass** of stealing her idea for the Florida Oranges Campaign ("*We put the colour right in the title*"). **Miss Finch** had also confronted Production lackey **Forrest Bronson** regarding the same matter. From this point forward, any ideas that **Miss Finch** may have will be credited to **Mr. Snodgrass**, and produced without question by **Mr. Bronson**.

Office Manager **Vicki Vanderstandten (nee Vanstandten)** would like to remind all staff of ADHD advertising to attend her upcoming seminar entitled "*Gossip in the Workplace: Rumour says it hurts!*" **Ms. Vanderstandten** was dismayed to hear, on good authority (from reception secretary **Marlow Hayworth**) that **Forrest Bronson** was discovered in the gentlemen's washroom with his secretary **Delores Mosco**. **Ms Vanderstandten** is also reacting to suggestion that **Miss Mosco** has been 'intimate' with her fiancé **Todd Snodgrass**, even though they are not yet married (the date is now set for 1967). **Ms Vanderstandten's** seminar will also address mumblings that **Mr Bronson** has threatened to resign due to his unrequited love for **Miss Mosco**.

Rumours that **Brandy Alexander Decanter-Titan** has been ignoring her husband Creative Director **Leo Titan**, who lies comatose in the hospital, in order to spend time with her long lost love, and number one ADHD client **Dougie "Bottom Line" Burn**, are greatly exaggerated. (**Mr Titan** has awoken from his coma and is expected to return to the office on January 26<sup>th</sup>. The part about **Brandy** and **Dougie** is true). However **Marlow Hayworth** will confirm the fact, since **Mr "Bottom Line" Burn** (Asbestos and Lead Based Paints) ended his relationship with **Marlow** last week. **Todd Snodgrass** has requested that plans for his bachelor party be postponed until he can tell **Delores** that he needs to push the wedding to 1971 (or later) as he basks in his last bit of freedom listening to the beat poets at "The Downbeat". **Mr Donaldson Jr (Sir)**'s planned contribution to piano player **Pierre's** tip cup at The French Connection has been adjusted. **Mr. Donaldson Jr (Sir)** will now be asking each staff member to donate to this tip fund via mandatory deductions from next week's paycheques.

And finally, the entire staff is thrilled to have Creative Director **Leo Titan**, back in the office. **Mr Titan** is returning after the horrific car accident that claimed the life of Henry Donaldson Sr. Welcome back **Mr Titan!**
